Glada

Come metodo, con metodo. Quello più semplice e flessibile per allestire l'ambiente del proprio lavoro. È la forma di un'idea: ridurre e semplificare ogni elemento di arredo, fino a raggiungere la pura essenza della sua funzione. Glada è anche un obiettivo, quello di trasformare un ambiente in luogo, operando con pochi e semplici elementi. Niente più di ciò che serve.

As a method, with method. The easiest and most flexible way to design your work environment. It is the form of an idea: reduce and simplify each piece of furniture till reaching the pure essence of its task. Glada is designed to transform the working environment using few and simple elements. Nothing more than what you need.

La forma è equilibrio e pensiero.

Shape is the result of balance and thought.
